Other Wells Fargo Benefits

This June, be wary of scams targeting older and vulnerable adults

June 15 is World Elder Abuse Awareness Day, and now is a great time to learn how to help protect yourself and your loved ones from common scams, including:

- Investment scams, where the scammer makes friends with you on social media then offers to show you how to invest in crypto. Watch out for promises of big returns, suggestions to invest in crypto or requests to wire money.
- Tech Imposter scams, where scammers pose as legitimate tech support to convince you to give them access to your device. They can then plant fake evidence of fraud and pass you to another scammer posing as your bank, who asks you to wire money or courier cash or gold to "keep it safe". Wells Fargo will never ask you to do this. Watch out for unsolicited contact from "tech support" scammers. Never give up access to your device or accounts.

Remember, always be cautious when you're asked for your personal information or money. Don't respond until you validate the who and the why. You are in control when it's your money.
